SENATOR DWORAK: Mr. President, colleagues, I ask permission to introduce this bill. This is the combination of three or four years of study by the Miscellaneous Committee. I, in all sincerity, do not feel that we can probably pass this bill this session but we would like to have a public hearing on the bill this session in order to see if there is any additional work that needs to be done to get this bill in shape. So I would respectfully ask permission to introduce this bill. I move that we suspend the rules to introduce this bill.

PRESIDENT: Senator Chambers.

SENATOR CHAMBERS: Is there a statement of intent that you handed around?

SENATOR DWORAK: I gave the statement of intent to the Clerk and I didn't pass the statement of intent around. Is it in the Journal? Would the Clerk read the statement of intent, please.
